

## SECOND DEFENDANT CHANGES PLEA IN 27 FRAUD TRIALS

The sixth in a series of 27 fraud trials in Hayward Justice Court was halted Tuesday morning to allow one of the defendants to enter a plea of guilty.

James T. Landrum, Niles, became the second defendant represented by Attorney Edward Plotner, Oakland, to withdraw his plea of not guilty and enter a plea of guilty to accepting unemployment compensation checks while he was employed. He was given a jail sentence of 75 days after Plotner asked Judge Jacob Harder Jr. to consider a penalty other than a jail sentence, reporting that the defendant was the sole supporter of five children and had another son in a hospital in critical condition as the result of a recent accident.

### 22 MORE TRIALS

Last Friday Louis Campa of Decoto changed his plea to guilty and was given six months in jail with a 90-day suspended sentence.

On Monday Pedro G. Alejandro of Decoto was found guilty after a jury deliberated less than 20 minutes. He was sentenced to 100 days after Judge Harder heard a recommendation for leniency made by the jury.

Twenty-two jury trials are still scheduled for the Hayward court between now and November 23. Rafael Guerra of Niles was scheduled for trial yesterday and Saturnino Lopez of Decoto will come before the court today.

### PAYMENT DROP NOTED

During Tuesday's session Deputy District Attorney James Thomas Walsh told Judge Harder that he had been informed that unemployment payments had decreased "30 per cent" at the Hayward office since the beginning of the trials.

## TUBERCULOSIS TOLL IN COUNTY IS 256

Two hundred and fifty-six persons died of tuberculosis in Alameda County last year.

This fact was made known yesterday by James A. Wainwright, Oakland, director of the Tuberculosis Association, in an address before the members of the Niles Rotary Club.

Speaking on the topic, "What Your Tuberculosis Association Does in Alameda County," Wainwright pointed out that last year 80,900 free chest x-rays were taken in this county by the mobile and portable units.

### WORKERS ARE GUESTS

Dr. E. C. Grau was program chairman for the meeting and introduced the speaker. Officers of the Tuberculosis Association and Christmas Seal workers of Washington Township were guests at the luncheon.

Wainwright urged all residents of this area to take advantage of the free chest x-rays while the unit is here this month.

## CHURCH BUYS FOUR ACRES IN DECOTO

The purchase of four acres of land in Decoto as a possible site for a new Catholic Church was revealed this week by Telefor Sanchez, Decoto, former owner of the property.

The tract of land which has been purchased by the San Francisco diocese is located on Sixth, Seventh, Eighth and B Streets.

Last week an application for construction of a new church and school in Decoto, submitted by the Archbishop's office in San Francisco, was approved by the Alameda County Planning Commission, according to R. J. Wright, Irvington, chairman.

## PARKING PROBLEM SUBMITTED TO COUNTY BOARD

The parking controversy in Irvington came up for another airing Tuesday at the Chamber of Commerce meeting, and after a heated discussion, the members voted to dump the problem into the laps of the Alameda County Board of Supervisors for a decision.

It all started three weeks ago when a relatively small number of C. of C. members passed a motion for parallel parking on both sides of Mission Street and instructed Secretary Frank Mayer to so inform the Board of Supervisors and County Surveyor Wallace Boggs. Advocates of the parallel parking plan sought that system as a safety measure following an accident in which an automobile had crashed into the rear of a truck that was parked at an angle protruding into the driving lane.

Boggs immediately responded with a letter promising that the painting of parallel parking lines, which he deemed an improvement, would be taken care of immediately.

The following week merchants, whose places of business are located along the street, attended the Chamber meeting and protested the parallel parking plan. They stated that it would greatly reduce the number of cars that could be parked along the street and would undoubtedly be reflected in a decline of sales.

Last Friday a crew of the county road gang arrived in town with the necessary equipment and made ready to paint the parallel parking lines.

Merchants quickly formed a vigilante unit and protested the action so fervently that the crews returned to headquarters for more detailed orders.

At Tuesday's meeting Monford Kreuger, chairman of the parking committee, presented a petition signed by the merchants of Mission street, along with a letter addressed to Supervisor Chester Stanley, asking that an ordinance be passed that would permit 45 degree parking and the lanes be so painted.

### WILL OPEN NEW STORE IN NILES

A new business house, to be known as G & M Liquor Store, will be opened about November 1 at 746 First Street, Niles, by Mr. and Mrs. Gino Mearini of 495 Calderon Avenue, Mountain View.

The couple, who operated a market in Castro Valley for 25 years, are now having the new location, which formerly housed Ora's Dress Shop, remodeled and redecorated in preparation for their opening. Mr. Mearini stated that the store will handle all lines of packaged liquor, wines and sodas.

### NILES CHURCH ELECTS NEW OFFICERS

The annual pot-luck dinner meeting of the Niles Congregational Church last Tuesday resulted in the following new officers being elected: deaconess, Mrs. Paul Offel and Mrs. E. A. Ellsworth; deacon, Dan Marble; trustees, Mrs. W. H. Ford and Mr. LeRoy Brown; treasurer, Fred Duffie; clerk, A. E. Storer; Sunday School superintendent, Mrs. Lyle Buehler.

### MEMORIAL NIGHT FOR K. OF C. ON OCT. 27

The next meeting of the Centerville Council, Knights of Columbus, Thursday, Oct. 27, has been set aside as Memorial Night for the deceased brothers, according to Grand Knight Walter Connolly. Connolly has urged all members to be present at this annual memorial service to be held in Parish Hall.

## COMMUNITY CHEST EXPECTED TO HIT GOAL OF \$6040

Confidence that Washington Township would attain its \$6040 goal in the current Community Chest Campaign was expressed this week by Mrs. Stella Benbow, campaign chairman.

Mrs. Benbow reported that volunteer workers in each of the communities were doing a "marvelous job" in making a door-to-door canvass of their territories.

She revealed that as the drive entered its third and final week approximately half of the amount needed for the goal had been turned in to her, with many of the workers yet to report.

"The workers are doing a splendid job of soliciting," Mrs. Benbow said. "However, in many instances they call at a house when there is no one at home. We are asking those people who have been missed to contact their local chairman and make their contributions, thus affording everyone an opportunity to participate in the worthwhile Red Feather drive."

For the convenience of persons who have been missed, she listed the community chairmen as follows: Walter Oakie, Alvarado; Mrs. Mildred Logan, Alviso; L. W. Musick, Decoto; Jack Kuegeman, Irvington; Lois Bottenberg, Mission San Jose; Tom Maloney, Centerville; John Souza, Warm Springs; Mrs. Gertrude Enos, Niles; and William Beck, Newark.

### FRED DUFFIE WINS HIGH SCOUTING AWARD

Fred Duffie, Niles, was one of four Scouters of the Seventh District to receive the coveted Order of the Arrow at the annual Round-up dinner held Monday evening in Hayward. The award is in recognition of outstanding work in Scouting in promoting and assisting in camping activities.

At the annual election which followed the dinner Duffie was also chosen as a member of the district executive committee.

## Brave Fight Is Waged By Centerville 'Indoor Sport'

By VIVIAN BATMAN

Mildred Laudenschlager of Centerville, helpless in a wheelchair for over 20 years, and now completely alone since the death of her mother last year, has one sustaining factor to keep up a morale that has been buffeted about by a series of misfortunes that would have sent a less courageous person to the brink of despair long ago.

That one factor in Mildred's life is the sale of her greeting cards and magazine subscriptions.

"It's all I have to keep me going," she said frankly, when interviewed this week at her home at 143 Oak Street. "I own my own home, so, for that reason, I can't seek county aid. I therefore have to depend entirely on my greeting card sales and magazine subscriptions for my livelihood. I have no other means of support."

The enormity of her problem and the spunk with which she is meeting it totally dims, by comparison, the problems that confront most human beings. A woman, 42 years of age, unable to walk at all, or to move her arms or fingers with any degree of facility, must, however, gather together her resources and somehow support herself. Moreover, she must do it without any fear of the future or of the eventual

## STRIKE EFFECTS ONE LOCAL PLANT

The Westvaco Chemical Division of the Food Machinery & Chemical Corporation at Newark, which closed down its plant Monday because of the current widespread steel strike, this week remained the sole local industry forced to curtail operations because of the strike.

An official of the Wedgewood stove plant at Newark said yesterday that they have enough steel stock on hand to operate 30 to 40 days and do not anticipate a shutdown as a great portion of their steel comes from plants that are still in operation.

The Pacific States Steel Mill at Niles is continuing full-scale operation and officials are hopeful that the local union will not be called out.

## ANNUAL HALLOWEEN CARNIVAL AT HIGH SCHOOL OCT. 29

The annual Halloween Carnival, sponsored by the Washington Union High School P.T.A., will be staged Saturday evening, October 29, at the school and Co-chairmen Mrs. Raymond Benbow of Irvington and Bryce Phillips of the school faculty have promised an excellent evening's entertainment.

### FOR ALL AGES

They have announced that 15 booths will be erected in the outdoor court, weather permitting, where a variety of articles, food and entertainment will be offered.

Folk dancing in the gymnasium will be under the direction of Mr. and Mrs. Ed Mara. Mrs. Margaret Gemignani and Miss Gertrude Mozzetti, followed by social dancing. Motion pictures will be shown for the entertainment of the small children in the girls "W" club room and there will be card tables in the faculty dining room for those who wish to play bridge, whist or canasta.

A meal will be served at 7 p.m. in the school cafeteria.

## WINTER STRIKES THIS AREA; FROST KILLS TOMATOES

Winter roared into the area Monday night aboard a gale that reached a velocity of 35 miles per hour and then calmed down to leave the township cloaked in its first frost of the season.

An electrical storm, accompanied by rain and hail, struck here Tuesday afternoon depositing .11 of an inch of precipitation.

Wednesday morning the thermometer skidded down to a shivering 39 degrees, resulting in a second heavy frost and sending localities scurrying into closets for blankets and topcoats.

Tomato growers have reported varying amount of damage to their crops. The growers who harvest the green tomatoes for shipment to eastern markets are believed to have suffered heaviest with most of the vines killed.

Growers raising the tomatoes for the local canneries are still picking but most of them agreed yesterday that the season was "about over."

### WARM WEATHER PROMISED

As to other vegetable crops, little damage was reported, in fact, some growers reported that the "white" frost had a tendency to "harden" the crop, making it heartier.

Weather forecasters have promised a break in the cold weather with both daytime and nighttime temperatures to be considerably higher over the week-end.

## NEWARK HOPEFUL OF MAIL DELIVERY

The possibility of the inauguration of house-to-house mail delivery in Newark was expressed at the Chamber of Commerce meeting Tuesday evening by Postmaster Julia Rusch Harris.

Mrs. Harris, who was a guest of the Chamber, told the business men that she had communicated with the post office department in Washington and although no definite decision had been made, she was hopeful of obtaining the new service. She stated that postal receipts are well over the minimum requirement for home delivery.

The postmaster also told the Chamber members that new quarters are badly needed, pointing out that 100 additional lock boxes could be rented immediately.

The Chamber endorsed the plan for a Township Chamber of Commerce and named Paul Gygas, Ed Bimemiller and James O'Connor as delegates to the proposed organization.

## RE-OPEN HIGHWAY DEATH CASE TODAY

Refusal of defense attorneys to stipulate that pictures introduced in a manslaughter case in Centerville last Friday were of the victim, Mrs. Alpha L. Brooks, Los Angeles, resulted in a continuance of the hearing until today.

The case charges Leslie Summers, 29, San Jose truck driver, with manslaughter in the highway death of Mrs. Brooks at Warm Springs on August 8.

According to the testimony of J. P. Moeller, Campbell, a witness to the crash, the truck driven by Summers swerved "abruptly" into the center lane of the three-lane highway just as the Brooks machine was passing, forcing it into the outside lane where it struck head-on with an oncoming truck.

Mrs. Brooks was killed in the crash and her husband, Vaul Pat Brooks, was so seriously injured that he is still in a hospital in a semi-conscious condition and unaware of his wife's death.

Deputy District Attorneys Richard Lynch and George Oakes Jr. stymied by the move of the defense attorneys, called for a continuance of the hearing until they could bring Mrs. Loretta Brooks, mother-in-law of the dead woman, here from Los Angeles to identify the pictures.

### CENTERVILLE GETS WATCHMAN'S CLOCK

The new watchman's clock, recently ordered by the Centerville Chamber of Commerce, has arrived and will be put into operation immediately, it was reported at the luncheon meeting of the group Wednesday.

A committee composed of Leonard Miller, Harry Weber and William Clark was appointed by President Dallas Paul to work out the details of a Christmas decoration plan for the business district of the town.

## Seven Communities Favor Township Chamber Plan

Representatives of the seven Chambers of Commerce of Washington Township met at the Justice Court in Centerville Wednesday evening and unanimously backed the proposal for the organization of a Washington Township Chamber of Commerce.

The officers of the Centerville Chamber, where the proposal was first introduced, were hosts to the group and President Dallas Paul

presided. Paul was named by the delegates to continue in the capacity of temporary chairman and Ralph Goodwin, Centerville, secretary, until such date as the organization of the unit is completed.

Goodwin traced the history of the proposal, pointing out that it was felt the communities of the township might accomplish more collectively than individually.

### WOULD PROMOTE TOWNSHIP

Edward Bimemiller, Newark, raised the question of the necessity of such an organization and what would be its goal.

Fred Rogers, who originally introduced the plan at the Centerville Chamber meeting, replied that the purpose of such an organization would be "to work for the good of Washington Township as a whole."

"When we hear of a man that wants to locate a business, industry or home in any one of the communities of the township that's fine—let's make sure that he does locate in Washington Township," Rogers said. "We know now that every town will benefit by a new business, regardless of where it is located—as long as it is in the township."

"We're sitting here with a golden platter and nothing is dropping in it. We have the finest of everything to offer but we need backing here to bring in industries and business. If we are willing to get behind the township-wide idea one hundred per cent let's do it—we are not we might as well go home right now," Rogers concluded.

### HOPEFUL OF COUNTY AID

Goodwin reported that there is a possibility that such an organization might receive county financial aid, which could be used to employ a part-time or full-time secretary. Operating as a central clearing house such a secretary could compile all the information and data that might be desired by persons wishing to locate in this vicinity.

On the motion of James O'Connor of Newark a roll call of delegates was made with each responding favorably to the plan.

Upon the vote of the delegates the following committees were appointed: Ways and Means, Bruce Michael, Warm Springs; Paul Gygas, Newark; A. E. Alameda, Irvington; George Oakes, Alvarado; Harry Weber, Centerville; Judge E. A. Quaresma, Niles; and Kenneth Garcia, Decoto.

Constitution and By-Laws: Judge Allen G. Norris, Centerville; Judge E. A. Quaresma, Niles; Henry Bimemiller, Newark; Bernie Joseph, Decoto; and Allan Hirsch, Irvington.

### NEXT MEETING NOV. 30

The committees were instructed to draw up the necessary papers for the formation of the organization and report at the next meeting set for November 30.

Attending the meeting as representatives of their Chambers were: Ken Garcia, Bernie Joseph and Manuel Seane, Decoto; Fred Rogers, Ralph Goodwin and Henry Weber, Centerville; John Souza, Elizabeth Sloan and Bruce Michael, Warm Springs; George Oakes, Alvarado; Judge E. A. Quaresma, Niles; Paul Gygas, James O'Connor and Edward Bimemiller, Newark; and A. E. Alameda and Allan Hirsch, Irvington.

### P. G. & E. ASKS FOR RATE INCREASE

The Pacific Gas and Electric Company announced this week that for the first time in 29 years it has filed an application with the California Public Utilities Commission asking for a system-wide increase of electric rates.

The increase, if granted, would amount to a total of \$8,900,000 but, according to the company, the average household bill would increase less than one cent a day.

W. G. Euler, vice-president and general manager, in making the announcement, stated that the company records show that since 1936 there have been five major reductions in rates. "Unlike nearly every other product or service, electricity today costs the user less than it did before the war," he added.

The application asks the Public Utilities Commission to authorize an increase of six per cent on monthly bills computed at present rates.

## BURIAL RITES TOMORROW FOR JACK ALBERG

The township was shocked to learn of the death, Wednesday night, of Jack Alberg of Niles, prominent business man and chairman of both the fire commissioners of Niles and of the Niles Sanitary Board.

His death occurred after an illness of several months.

He is survived by his widow, and by a daughter, Mrs. Avis Chapman, and by a grandson, Jack Chapman.

Funeral services will be held at Pratt-Flier Mortuary in Hayward at two o'clock tomorrow (Saturday). Private rites will be performed at the Oakland Crematorium.

Mr. Alberg was known not only for his service as a fire commissioner and on the sanitary board, but he had also served as a member of the Niles elementary school board, from which he retired last year.

## COUNTY BUILDING SITE PROPOSED

A suggestion that perhaps the corner of the property at the Niles Canyon-Mission San Jose Highway might be suitable for the site of a county building proposed to be erected in Washington Township was made this week by the Niles Chamber of Commerce.

The land is owned by the San Francisco Water Department, which is reported willing to sell it at a nominal fee for public use. The Chamber has been actively working toward acquiring the land, which is approximately nine and a half acres in area, for a park site.

It was suggested at this week's meeting that the corner of the property would make an ideal site for a county building, which would require about two acres, and that the remainder could be developed as a park.

The Alameda County Water District has indicated interest in helping to acquire the land for use as a park, provided that local civic organizations are interested in maintaining and improving it.

## HISTORICAL SOCIETY TO MEET TUESDAY

The organizational meeting of the Washington Township Historical Society will be held next Tuesday, Oct. 25, at the Country Club in Centerville.

The meeting, open to anyone in the township who is interested in compiling and preserving local historical relics, data and papers, will begin at 8 p.m.

A BIG  
SUCCESS

The turkey and lamb whist party put on by the Mothers Club of the Mission Grammar School last Friday evening, was a wonderful success. Twenty-four tables of play-ers assembled in the auditorium and the little girls of the sewing class sold home-made candy to help purchase a sewing machine. There were two prizes for every table and a total of \$119.50 was taken in. The money, along with a generous donation from Rose and Roscoe Whiteside, will go far toward purchasing the new chairs which the Mothers Club is going to buy so the school can get proper insurance. (By the way, Rose Whiteside will be remembered as one of the old time teachers of this school.) The club will hold their regular meetings on the second Thursday of the month at 7:30 and all who are interested in the betterment of this school are invited to come and join.

## THE YOUNGER SET

MARY ANN DUARTE

—Stinhliver Photo

Fourteen months' old Mary Ann Duarte is, everybody says, the "spittin' image" of her daddy, Arthur Duarte of Centerville. But it is her uncle, Arthur Santos of San Jose, in whose footsteps she seems to be following, for Mary Ann is completely fascinated by her uncle's ranch, and gives every indication of being a ranch girl herself.

She loves the farm animals, especially the horses and the turkeys.

She is never happier than when she manages to escape into the turkey corral and "play" with the turkeys. The gobblers seem to sense her friendliness towards them and so far haven't molested her.

Mary Ann was walking when she was ten months' old, and began to talk when she was a year old—and has kept up a steady stream of it ever since.

She has two grandmothers, Mrs. Manuel Duarte of Centerville and Mrs. Marie Santos of Mission San Jose.

How many small motors  
are working for you?

Have you counted them lately?

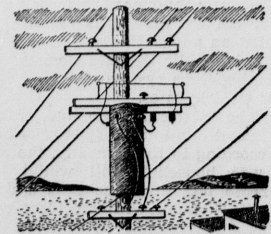

Electric motors do more work in your home than you may realize. Motor-driven devices are the "chore boys" in California homes and gardens. Their usage is high because electric rates here are low... much lower than the national average. For instance, electricity runs a refrigerator

or freezer for less than five cents a 24-hour day. Your kitchen is fanned free of cooking fumes—electrically—for about three cents a week, and a motor in an electric dishwasher "does the dishes" for just a fraction of a penny a day for electricity.

Electricity works early and late in your home for just a few cents a day. A penny's worth of electricity runs an electric clock at your breakfast table accurately for five days or toasts twenty slices of bread or brews nineteen cups of coffee.

Electric servants do so much yet cost so little, despite our greatly increased costs of producing and delivering electricity to your home. The price of power poles alone is up more than 100 per cent; transformer costs are up 30 per cent.

P.G. and E. Service—does so much... costs so little

## CROOKS DON'T TAKE VACATIONS

Don't forget that while on a trip or vacation, your valuables are doubly-exposed to crooks and thieves. Your empty house is a likely target, and the valuables you take with you may fall prey to thieves.

## NORMA BIALE AND HAROLD BURNS WILL BE WED DECEMBER 19 AT NUPTIAL MASS

A "next-door neighbor" romance will culminate in wedding bells on December 19 at a nuptial mass when Norma Biale, daughter of Mrs. Jack Biale of Niles, will become the bride of Harold Burns, son of Mr. and Mrs. Leslie Burns, also of Niles.

The bride-elect, a graduate of Washington High and also of San Jose State, is a teacher at the Centerville Elementary School. In college she was affiliated with Pi Epsilon Tau and Kappa Delta Pi.

Her husband-to-be, who attended school in his home state of Idaho, is co-owner of Burns Brothers Cabinet Shop in Niles, which adjoins the former Biale property.

The engagement announcement was made at a supper party at the Biale home on October 11, attended by relatives and close friends of the pair.

## WEDDING BELLS TO RING FOR JUDY HILL: WILL BE WED IN PALO ALTO IN DECEMBER

A romance which began on the campus of Stanford University will be culminated in December in a ceremony uniting in marriage Judy Hill, daughter of Mr. and Mrs. A. B. Hill of Alvarado, and Mr. William B. Decker of Lincoln University (the name of the town), Pennsylvania. Mr. Decker is the son of Mr. and Mrs. William Decker, also of Lincoln University.

Miss Hill, who attended Radcliffe College for three years, transferred to Stanford last year and received her degree at that university last June. It was there that she met her fiance, a major in journalism. An army veteran, he will complete his education at Stanford next June.

In the meantime, Miss Hill will continue her studies at Lux College in San Francisco, where she is learning to be an office assistant to a physician. She will be graduated from there in January, and plans to take a position following her graduation, pending the time until her future husband is graduated from Stanford.

The couple will be married in Palo Alto, with the exact date still a matter of doubt, although it is certain that it will be in December.

## CARMEL TEACHER ANNOUNCES TROTH TO HAROLD HOUGHTON OF NILES

A young Carmel school teacher passed the traditional box of candy at her sorority, Alpha Phi, at San Jose State last week-end, announcing her engagement to Harold Houghton, son of Mr. and Mrs. Harold Houghton of Niles.

The young lady is Miss Jane Moore, daughter of Mr. and Mrs. John Paul Moore of Santa Cruz.

Harold, a graduate of Washington High, served with the Air Forces during World War II, and is now a student at San Jose State College where he is studying to be a pharmacist. He is affiliated with the Delta Upsilon fraternity.

The romance between the two began on the college campus where the bride was graduated.

No date has been set for the wedding.

Mrs. Ray Lamoreux, president of the Girl Scout Adult Club, will be a guest of Girl Scout Troop No. 66 of Centerville at the meeting Monday, October 24. Mrs. Lamoreux will give a lecture on College where he is studying to be a pharmacist.

## Niles Woman Returns From Trip to Germany

Mrs. Walter Franke and her four-year-old boy returned to their home in Niles Sunday after a three months' visit with relatives in Germany.

There is plenty of everything in Germany, according to Mrs. Franke, but most of the people don't have enough money to buy these things. She visited her own father and her husband's father, both over 80 years of age, in addition to other relatives. She had not been to Germany for 20 years, and found the torn-up conditions over there rather depressing.

Her trip home on the boat was marked with one storm after another, and she was glad indeed to finally dock at New York.

Greeting her upon her arrival Sunday were her husband and her two other children.

The Frankes are building a lovely ranch-style home near the Williams apartments. Mr. Franke is connected with the Continental Can Company.

## Cocktail Party For Betrothed Pair

Another in the round of parties given for soon-to-be-weds Charlotte Geary and George Bonde Jr. was the cocktail party given last Saturday evening by Margaret and "Bim" Flesher, at the home of Mrs. Flesher's mother, Mrs. Gladys Williamson.

There has been much entertaining on both sides of the bay for the popular young pair, who will be married on November 5 at Grace Cathedral in San Francisco.

## Returns from New York

Fred Duffie's little boy Freddie played in the Frosh team for Cal last week-end, and Fred Sr., unable to get a ticket to the game, as they were all sold out, managed to sneak his way into the stadium and "borrow" an usher's badge from one of the W.U.H.S. lads who were up there ushering under the guidance of Coach Voorhees.

So Fred, Senior, performed nobly as an usher during the game, while Fred, Junior, performed just as nobly down on the field as a tackle. A good thing his dad was present, for Freddie recovered a fumble that brought a round of cheers from the fans.

## EVEN A LITTLE

A woman who is collecting for the Community Chest in the township is becoming a trifle embittered by her collecting experiences.

"All of the housewives," she said, "say that their husbands have given at work. I've heard it so much, I'm beginning to be a little suspicious. Surely it wouldn't be just a stall — or WOULD it?"

Frankly, I can't believe that anyone would try to dodge Community Chest. It means so much to so many. And even if you give just a little — or what you can afford — it helps.

## PRESENTING

The reminiscing of older people is often as amusing as it is interesting. Old Mr. John Lowe, almost 80, of Niles, reminisces in rhyme.

## Irvington Girl Announces Engagement

Edna Gregory, daughter of Mr. and Mrs. D. T. Gregory of Irvington, this week is wearing a diamond on that very important finger. The betrothal ring was given to her last week by LeRoy Costa of Mission San Jose.

Edna is a senior at high school, and has set no date yet for her wedding.

Her fiance, who served in the Marine Corps during the war, is employed by the P. G. & E. in Irvington.

## From Auburn

Mrs. Jerry Bradford of Auburn (Jeannette Orcutt) was visiting her parents, Mr. and Mrs. Leon Orcutt of Niles, last week.

Thought you might like to read his latest. I had quite a chuckle out of it.

## THE OLD CIDER BARREL

(A parody on "The Old Oaken Bucket")

How clear to my visions  
Is an old cider barrel  
When fond recollections  
Present it to view.

The place where it rested  
Down in the damp cellar  
Is as fresh in my mind  
As it ever was, too.

The old white-washed walls  
And the bins that stood by it  
The apples, potatoes, and  
Things to attend  
But the clearest spot in  
My recollections  
Is the old cider barrel that  
stood up on end.

One day I slipped down to  
That old cider barrel  
Dear Father and Mother  
Gone for the day.  
I bored a small hole  
And put a straw through it  
And for half an hour  
Kept sucking away  
Until my vision seemed  
Softly to blend  
And I couldn't have told  
If I or the barrel  
Was standing on end.

The old cider barrel  
The hard-cider barrel  
The iron-hooped barrel  
That stood up on end.  
Somehow I got out of  
The white-washed cellar  
And whooped and hurrahed  
And made merry a while.  
They say my shouting  
Aroused all the neighbors  
That lived in a circle  
Of less than a mile.  
At length my fond parents  
Returned from their visit  
And then to my case  
Did dear Father attend.  
Oh, Golly! I feel that  
Old strap at this minute  
And I swore off on barrels  
That stand up on end.

She won't be home for another two or three weeks.

The Irvington Merchants baseball team will be pitted against the veterans at Base Hospital in Palo Alto this Sunday.

Why this isn't your 1950 model car

This gasoline buggy, now safely tucked away in dusty photograph albums, was quite a car in its day. It buzzed along at 20 miles an hour, had a jaunty, rakish air, and the people who could afford to buy one thought it was perfectly wonderful.

In fact, it was so good it might still be the car you drive but for one reason. Competition. Healthy competition among both automotive and oil companies that resulted in constantly better, lower-cost automobiles and steadily improved oils and gasolines.

For one example: Here at Standard of California, we've pioneered literally thousands of improvements in gasolines, motor oils and other petroleum products since the days of the horseless carriage. Those you use in your car today are unsurpassed anywhere. The world's first

service station built by Standard in 1907 has grown, including outlets of all companies, to a network of more than a quarter of a million stations across the country.

This progress, spurred by competition, will not stop. Just since the war, we've spent more than \$450,000,000 in plants and facilities to serve you better.

HUSKIE-FREMONT TILT ON HOME FIELD TONIGHT

The Washington Huskies will be hosts to the Fremont eleven tonight for their first S.C.V.A.L. tilt on the home field.

The Huskies, with a record of two losses and one win in three starts, are expected to put up a hard battle to maintain their record of no losses on the home turf. They defeated Poly Tech junior varsity here in the season opener and both defeats have been on visiting fields.

LOSE TO BELLARMINE

The Washington lads were downed 40 to 12 at the hands of the Bellarmine eleven last Friday night at Townsend Field in Santa Clara before a crowd of 2,000.

The first Bellarmine score was set up by the recovery of a Washington fumble on the 21. Six minutes later the Bells made it 14-0 as the quarter ended.

The Huskies snapped back in the second quarter to even up the score on a line plunge by Fullback George Pagan and a 23-yard pass play from Pagan to End George Silveira. The Bells broke the tie with their third touchdown seconds ahead of the half-time gun.

PUPPIES WIN

The second half belonged entirely to the Bells who drove three touchdowns while holding the tiring Huskies scoreless. The offensive play of Pagan, Silveira and End Don Pine was the standout of the Washington attack.

In a preliminary game the Washington Pupils were nosed out by the Junior Bells 13 to 6 in a hard-fought battle for the locals' first defeat of the season.

They will see action tonight in a 6 p.m. curtain-raiser.

LIONS CLUB SELECTS WHIST PARTY DATE

Edward L. Rose, Irvington, at a meeting of the directors of the Lions Club held Monday evening at the home of James Logan, was named general chairman of the forthcoming annual Lions Club Whist Party.

The affair, given annually to raise funds for the club's eye correction program for children, will be held at the gymnasium of the Washington Union High School on Friday evening, Dec. 2.

The cultivation of apples began before recorded history. The remains of the fruit have been found in the prehistoric Lake Dwellings in Switzerland.

HENRY CARAVAHLO... has his sights on state flyweight boxing crown.

DECOTO ATHLETE STRONG CONTENDER FOR BOXING TITLE

Henry Caravahlo, 23-year-old son of Mr. and Mrs. John C. Caravahlo of 416 Fifth Street, Decoto, is a Washington Township lad who is rapidly carving a niche for himself in the sports world.

In a period of three years young Caravahlo has climbed from being one of the standouts on the Washington Union High School annual boxing show to a favored contender for the state flyweight boxing crown.

Following his graduation from high school "Hank" began training in an Oakland gymnasium and in 1947 battled his way to the title in the 118-pound bantam weight division of the Pacific Coast Association of the A.A.U.

As a representative of the west coast association he was flown to Boston in the spring of 1947 to compete in the National A.A.U. boxing tourney. He hammered his way into the semi-final round before being eliminated.

Since that time he has fought 20 professional fights and has come out the winner in 15.

Last month he met Stan Almond, prominent Canadian boxer, in the 10-round main event on the fight card in Vancouver, B.C. Although losing a decision to the Canadian it was still a victory for

the local fighter in getting the billing on the main event in such a large fight card.

NEEDS MANAGER

At the present time Caravahlo is training at Harry Pine's in Oakland, trimming down to the 112-pound flyweight bracket in preparation for entering the California State Championship bouts in Los Angeles next month.

"My manager? Well, I don't have any right now but I hope to have after I win the crown at Los Angeles," Hank added with a grin this week, and unless we miss our guess, this promising young athlete will have plenty of offers.

HOMECOMING AT STC OCTOBER 28

San Jose State College alumni will be returning to the campus Friday, October 28, for the second annual fall homecoming day and the San Jose State-College of Pacific football game that evening in the Spartan Stadium.

The football rally Thursday night will be preceded by a colorful parade in the San Jose business district.

From Wednesday through Friday, fraternity, sorority and independent boarding houses near the campus will be elaborately decorated and will vie for prizes for the best decorated house in each classification. Open house will be held Friday for returning alumni members.

After the game, an alumni dance will be held in the De Anza Hotel and a student dance in the Civic Auditorium.

DUFFIE AIDS IN CAL VICTORY

Big Fred Duffie Jr., freshman at the University of California and a first-string tackle on the Bear Frosh team, had a big hand in the 47 to 14 victory over the University of Southern California Trojans in a game played last Saturday morning.

Duffie was a three-year letterman at Washington Union High School playing at the tackle position and was named on the mythical all-conference team. He is the son of Mr. and Mrs. Fred Duffie of Niles.

## CANYON HEIGHTS

By MARGARET COLE

## NEEDS VOLUNTEERS

Mrs. Virginia Mottershaw, Mrs. Lou Moser and Mrs. Peg Crane went to Livermore Hospital last week in their capacity as members of the Niles Branch of the Gray Ladies. This hard-working group is finding it increasingly difficult to fulfill its responsibilities and is calling for volunteers.

## ON THE MOVE

Mr. and Mrs. John Musgrove and young son, who have been living with the Clarence Musgroves on Canyon Heights Drive, have moved to a home of their own on Third Street, Niles. On October 14, a week after they moved in, immediate members of the family met at the new home to celebrate John's birthday.

## SUNDAY VISITORS

Mr. and Mrs. Bill Sevier of Modesto visited the E. A. Millers on Sunday. The Seviers son, Ronnie, is a freshman at U.S.C. He is a member of the football squad but is temporarily disabled by injuries received at the beginning of the season.

## OLD FRIENDS

Mr. Ivan Parks, an old school pal of Mr. Bill Gibson, spent last Wednesday evening with the Gibson family. Mr. Parks is a jockey and is now riding at Bay Meadows.

## BOW AND ARROW HUNT

Calvin Gibson and his bows and arrows are home again after two weeks in Idaho. With an archery group to which he belongs, Mr. Gibson spent two weeks of his vacation hunting with bow and arrow.

## AT SCOUT CAMP

Bill Powell spent last week-end at the Rancho Los Mochos near Livermore where he camped in company with one hundred Scouts from Washington Township, Hayward and San Leandro. Bill was one of fifteen Scouts representing the Niles troop.

## TO DODGE RIDGE

D. J. Clark went off to the wilderness again last week-end, this time to Dodge Ridge in Sonora Pass. While he was there he visited the Floyd McGowans and the George Murphys, and reports that all is well with these former Heights residents.

Mr. and Mrs. L. M. Mattox stayed in Oakland during the week-end at the home of Mrs. Mattox's sister and brother-in-law, Mr. and Mrs. John Rice. Mr. Rice celebrated his birthday on Saturday with the help of the Mattox family, Mr. and Mrs. Louie Nielsen and family of Canyon Heights, and Mr. and Mrs. Bob Mattox of Livermore.

New neighbors, Mr. and Mrs. Laurie Gronley and children, formerly of Hayward, have recently moved into one of the Mara homes on Canyon Heights Drive. Mrs. Gronley is Verba Westray's niece.

## In Children's Hospital

Little Allan Guidi, 18 months old grandson of Mr. and Mrs. R. T. Henderson of Niles, has been recuperating at the home of his grandmother, following a five-day sojourn at Children's Hospital because of a strep throat.

## CANDIDATES CLASS AT NEWARK CHURCH

A class of young adults and candidates for membership who have never before belonged to a church is to be held each Sunday from 11 a.m. to 12 noon, it has been announced by John M. Peppers, pastor of the Newark Presbyterian Church.

The Rev. Mr. Peppers has announced that his sermon subject for the 10 a.m. service on Sunday will be "The Divine Triangle."

A special young people's meeting has been set for 6:30 p.m. Sunday. Shirley Spence will present the lesson to the grade school group and C. E. Harrison Jr. will lead the high school group. The young people have been asked to wear old clothes.

The monthly meeting of the Missionary Society will be held at 7:30 p.m. Thursday in the church.

## NEWARK BENEFIT DINNER OPEN TO PUBLIC

If you want a home-cooked dinner without having to cook it; if you want good fun and fellowship during that dinner; and if you want to taste food prepared by some of the best cooks in the township, then you'd better plan to attend the Newark Presbyterian Church dinner tonight (Friday), being held at the church from 5:30 to 7 p.m., for the benefit of the building fund.

Just to whet your appetite, here's what's in store for you: veal loaf, potatoes, combination salad, corn on the cob, French bread, homemade apple pie and cheese, and "plenty of coffee."

The price of the dinner is \$1.50. It is open to the public.

## BRAVE FIGHT

(Continued from page 1)

Jose State College. "I'm not sure—or are the doctors—what caused my disability. It followed closely on the heels of a vaccination for smallpox. That may, or may not, have been a contributing factor. No one knows."

In 1933 she joined the Indoor Sport Club, an organization with headquarters in Los Angeles, for handicapped people all over the country.

She explained the implication of the term "indoor sport." "The theory is," she said, "that you can be a good sport about your handicap, even though you are confined indoors. You know," she confided, "we never call ourselves 'shut-ins,' feeling that the term gives us a sense of being shut off from everything. Rather, we call ourselves 'handicapped' or 'disabled' persons."

Mildred has attended several conventions of the Indoor Sport Club, as they were held in southern California and it was there that she and her mother used to go to visit her father when he was confined in a veterans hospital (he was a veteran of the Spanish-American War and died in 1945).

Since Mildred has no way of driving around, now that her mother has gone, she no longer attends the Indoor Sports Club conventions, but keeps in constant touch with the members by correspondence, and even has written articles for their club paper, called "The National Hookup."

For hobbies, she likes to do a little writing, using two pencils (eraser side down) to painstakingly punch the typewriter keys. She also likes to paint, choosing water colors as her medium. And of course there is always reading, her favorite books being historical novels.

But her chief hobby is people. "I love to have people come to visit me. It is always a pleasant break in the day."

And lots of people do come to visit her. There will be more, now that Christmas card buying season has started. But it isn't only for Christmas cards—although she has quite a wide assortment of cards of all descriptions—that people go to visit Mildred Laudenschlager.

It is more than that. It is to be refreshed by a gallant spirit that doesn't know the meaning of the word "defeat."

## IRVINGTON HOST TO COUNTY C. OF C.

The Irvington Chamber of Commerce is to be host to the Associated Chambers of Commerce of Alameda County at the meeting of that organization slated for November 2.

Harold Speetzen has been named general chairman of arrangements to be assisted by Robert Zwissig, Edw. L. Rose and Allan Hirsch. Representatives from all the Chambers of Commerce of the county are expected to attend for a discussion of common mutual problems.

The United States Department of Agriculture says the 1949 apple crop is the largest in years, and that the quality, in general, is excellent.
